- On recognition of communication failure 7 minutes or less after take-off and in instrument meteorological conditions, proceed as follows:
1. Squawk 7600; and
  2. MAINTAIN last assigned altitude and heading for 7 minutes after recognition of communication failure; then
  3. Climb to 10000' maintaining last assigned heading; then
  4. Proceed direct to nearest Fix associated with filed flight plan route continuing climb to flight plan cruising level.

If in visual meteorological conditions, continue to fly in VMC and land at the nearest suitable aerodrome.

If communication failure occurs more than 7 minutes after take-off, comply with the appropriate procedures for communication failure and proceed according to the current flight plan route to destination airport, unless it is considered inadvisable.
